	3 3/8″ – 4″ – 5 1/8″	15 3/4″ – 17 3/4″ – 19 11/16″ – 21 5/8″	
	3 3/8″ – 4″ – 5 1/8″	15 3/4″ – 17 3/4″ – 19 11/16″ – 21 5/8″	

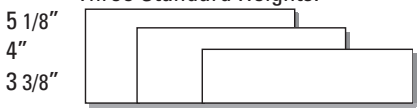
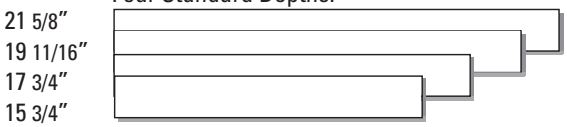
To order MSH custom Drawer Boxes:
Enter the quantity needed, circle the standard Height and Depth closest to your existing box size and note the Exact Width.

Exact Width:
Widths may vary from 6″ on up to 36″ and are made to your exact measurements.

Three Standard Heights:



Four Standard Depths:



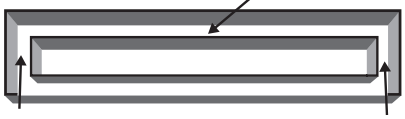
Measuring Drawer Boxes

If an existing drawer is not available to use as a template for the box size needed follow the measuring guidelines below to ensure you get the drawer you need.

These instructions are for a standard side-mount slide drawer box

Measure the drawer opening in the cabinet and deduct 1 inch from the width of the opening and 1 inch from the height of the opening to calculate the width and height of the new drawer box. Measure the depth of your cabinet from the front of the face frame to the back of the cabinet and deduct at least 3 inches to find the length of the drawer.

Deduct 1″ from height of drawer opening



Deduct 1/2″ from either side of the drawer opening

Please take care when placing your custom Drawer Box order as custom cut orders are not returnable and may not be exchanged.
